

# JSPS

## Introduction of JSPS activity in Asia and sharing information about research opportunity in Japan

**Date:** June 2, 2017

**Venue:** Phaya Sri Wisarn Waja Room, Office of University, Chiang Mai University

### Overview:

Japan Society for the Promotion of Science (JSPS) offers several international programs which respond to a variety of needs of Asian countries, such as implementing research studies in Japan, supporting international joint research, and fostering young researchers who will play active roles in the global arena. Through the program briefing, JSPS provides information about its international programs with Thai researchers for promoting academic collaborations between Japan and Thailand.
